

hardpops cocktail POPS

The original boozy ice pops.
Or as we like to call them,

**Ice. Cold.
Nostalgia.**

Throw it back to the good ol' days with Hardpops. These aren't the ice pops your mom used to make. We're taking things up a notch with natural flavors, no artificial sweeteners or dyes, and a grown-up-ified boozy kick. Sound like a mouthful? Just wait 'til you taste them.

Life throws enough tough decisions your way, so we're making this one easy. The Hardpops variety pack includes America's favorite cocktail profiles: Strawberry Margarita, Mango Margarita, and two bonus Pina Coladas. No frozen storage required. Just freeze at home when ready to enjoy.
