

A woman with blonde hair, wearing a teal tank top, denim shorts, and a large green backpack, stands on a dark, rocky cliff. She is holding a white can of High Brew Nitro Cold Brew in her right hand. The background shows a vast ocean under a clear sky, with the sun setting behind a rock formation in the distance, creating a warm, golden glow.

THE HIGH BREW STORY

Why buyers should give High Brew real shelf space

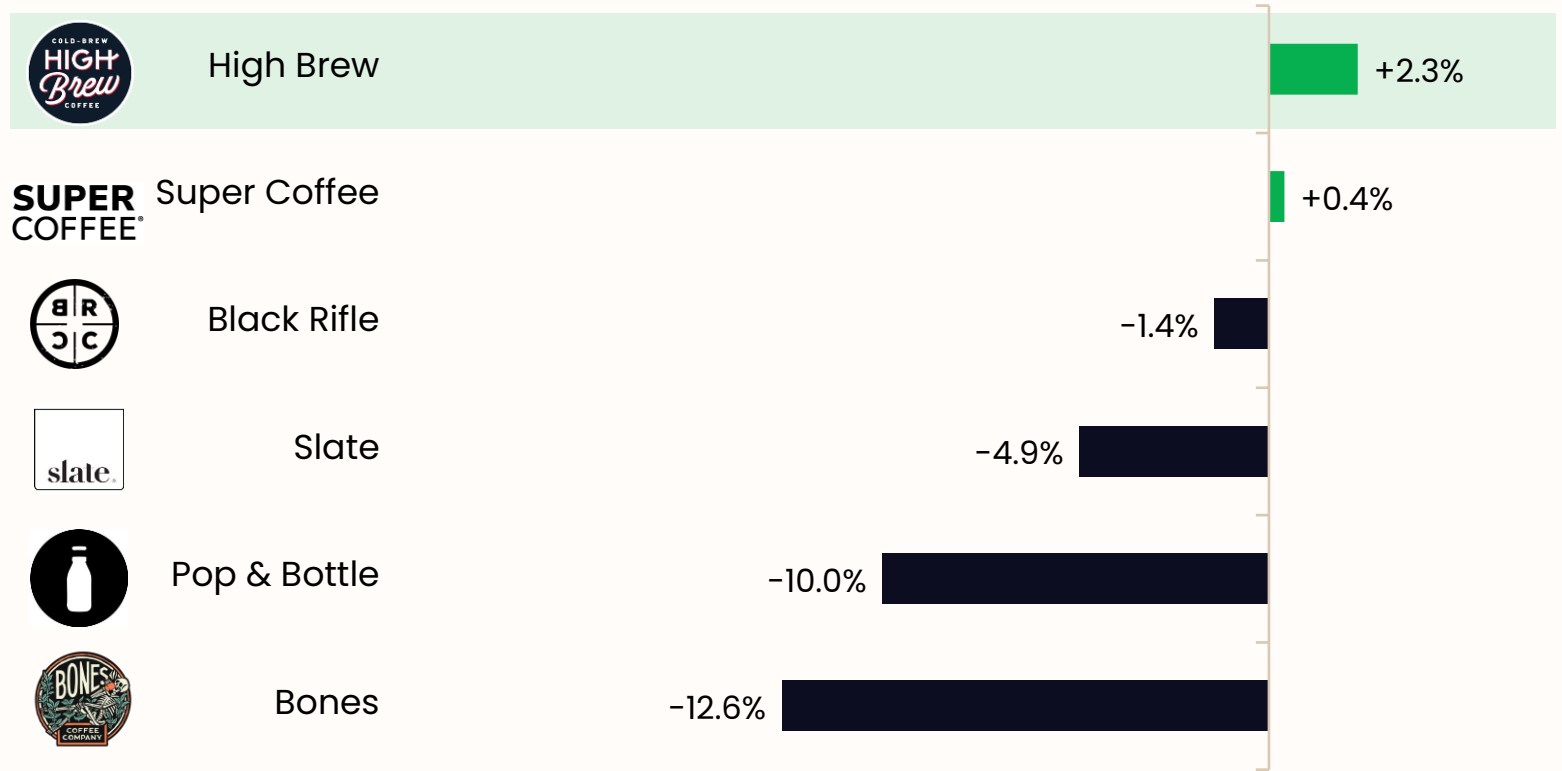

Data & Marketing Slides

Where we're stocked, we're growing

% change in productivity per point of distribution (Dollars/TDP), 12 weeks

Total High Brew dollars are down nationally (-5.7%) purely from distribution losses — but productivity per shelf slot is climbing, while four of five peers erode.
